

King Lotuss Website – Project Update & Completion Report

Project Duration:

Start Date: 23rd May 2026

Completion Date: 1st June 2026

Hello sir,

I have completed the requested modifications, improvements, and feature implementations for the King Lotuss website. Below is a summary of the completed work.

Completed Updates

- Changed "Contact Us" to "Connect With Me".
- Added the requested text to the Music page.
- Removed your name from the Home page.
- Updated the Home page text.
- Added 9 songs to the Music catalogue.
- Added Next and Back navigation for browsing songs in the catalogue.
- Renamed and updated the songs in the Extra Activities section as requested.
- Updated the 4M and 9M views song entries.
- Added the new Collaborations section with animations.
- Added artist images and links to their official pages.
- Created the new Shop page with a "Trending Items Coming Soon" section and loading animation.
- Updated the footer year from 2025 to 2026.
- Changed the browser tab name to "King Lotuss".
- Added a dedicated Contact page with a working contact form.
- Updated the desktop navigation bar.
- Added mobile navigation for all pages.

- Tested all functions on both desktop and mobile devices.

The website is currently working as expected. The only remaining requirement is the collaboration photos and links that need to be provided so they can be added to the Collaborations section.

Please let us know if any additional changes are required.

Thank you.
